The prices below are for product only. They exclude containers and labels. Products are made in batches of 5, 10 or 25kg's. This may affect the ml conversion depending on the consistency of the products. Mass to Volume conversion. The product breakdown is a general estimate and delivery quantities may vary slightly. Although Namaste products are fabulous, we still advise doing a skin patch test. It is important to be descriptive on your labels.

A 2% advalorem tax must be applied to all products which are non essential items as per SARS

More information can be located at: www.sars.gov.za or you can mail me to request literature on this tax.
